

FIELD PROGRAM

10:00

Welcome & opening

Hart Field-Site Group chairman, Glen Wilkinson

	C	E	F	G	M	R	S
10:30	Protein maps for nitrogen management	Barley varieties	Crop selection, rotation & fertiliser decisions	Amendments to improve soil water & fertility	Tackling lentil root disease	The value of canola in your system	Herbicide tolerance - pulse control
	A	D	J	L	O	P	T
11:00	Carbon calculators - we'll show you how	Broadleaf weed management in pulses	Wheat varieties	Durum genetics - improved crown rot resistance	Herbicide tolerance - crop safety	Crop establishment after dry seeding	TECH DEMO Automating weed control
	B	E	G	I	K	M	Q
11:30	Exploring income diversity	Barley varieties	Amendments to improve soil water & fertility	Pre-emergent herbicide selection	Mixed species pastures	Tackling lentil root disease	Wheat head traits to boost yield
	C	H	J	N	O	R	T
12:00	Protein maps for nitrogen management	Nitrogen decisions & efficiency fertilisers	Wheat varieties	Lentils; what's on the horizon	Herbicide tolerance - crop safety	The value of canola in your system	TECH DEMO Automating weed control

12:30

LUNCH BREAK

	A	D	F	H	I	L	Q
1:30	Carbon calculators - we'll show you how	Broadleaf weed management in pulses	Crop selection, rotation & fertiliser decisions	Nitrogen decisions & efficiency fertilisers	Pre-emergent herbicide selection	Durum genetics - improved crown rot resistance	Wheat head traits to boost yield
	B	E	G	K	M	N	S
2:00	Exploring income diversity	Barley varieties	Amendments to improve soil water & fertility	Mixed species pastures	Tackling lentil root disease	Lentils; what's on the horizon	Herbicide tolerance - pulse control
	C	D	F	O	Q	R	T
2:30	Protein maps for nitrogen management	Broadleaf weed management in pulses	Crop selection, rotation & fertiliser decisions	Herbicide tolerance - crop safety	Wheat head traits to boost yield	The value of canola in your system	TECH DEMO Automating weed control
	B	H	I	J	K	N	P
3:00	Exploring income diversity	Nitrogen decisions & efficiency fertilisers	Pre-emergent herbicide selection	Wheat varieties	Mixed species pastures	Lentils; what's on the horizon	Crop establishment after dry seeding

3:30

Bar & BBQ facilities open

2025
