RiskWi\$e – a GRDC project

As part of the national [RiskWi\\$e](#) project, the SA Central ARG (Action Research Group) have produced a 5-part podcast series to help Aussie grain growers get it more right, more often when it comes to navigating on-farm risk and reward and making decisions.

We encourage you to share this content with your networks using the information below.

Navigating on-farm risk & reward: getting it more right, more often EPISODE 2 – Managing risk & reward is personal

NEWSLETTER CONTENT

 MANAGING RISK IS PERSONAL!

Episode 2 of 'Navigating on-farm risk & reward: getting it more right, more often is here!

Host Annabelle Homer chats with Dr Kate Burke—author, agri strategist, and farmer—about how attitudes, experiences, and emotions influence on-farm decision-making.

From recency bias to stress, stage of life, and even the joy of risk, Kate's relatable and practical insights will leave you reflecting on your own decision-making habits.

Co-host Sandy Kimber said she hoped the conversation with Kate inspires listeners to have similar discussions with their own family members and business partners.

“As Kate reminded us, we're not operating as individuals, so we also need to be aware of other people's risk appetite in the in the business,” she said.

 Listen to Episode 2 now on [Spotify](#) and [Apple](#) Podcasts, and be sure to follow the series for expert insights in future episodes.

For more details about this series or the RiskWi\$e project, visit www.hartfieldsite.org.au

This podcast has been produced by the Central SA Action Research Group arm of RiskWi\$e, a 5-year national GRDC project, led by CSIRO.
