RiskWi\$e – a GRDC project

As part of the national [RiskWi\\$e](#) project, the SA Central ARG (Action Research Group) have produced a 5-part podcast series to help Aussie grain growers get it more right, more often when it comes to navigating on-farm risk and reward and making decisions.

We encourage you to share this content with your networks using the information below.

Navigating on-farm risk & reward: getting it more right, more often EPISODE 3 – Smart strategies for big risky decisions

NEWSLETTER CONTENT

 MAKING BIG FARMING DECISIONS WITH CONFIDENCE – Episode 3 out now!

Big decisions on-farm don't have to feel overwhelming—having a clear process can make all the difference.

In Episode 3 of 'Navigating on-farm risk & reward: getting it more right, more often', farm business consultant Danielle Lannin England shares expert strategies to help farmers approach big decisions with clarity and confidence.

Dani steps out a practical process for tackling major choices, highlighting what farmers can and can't control, offering useful rules of thumb, and sharing three top tips to make decision-making easier.

She also reminds listeners that seeking input from trusted family and advisors is a valuable part of the process—big decisions don't have to be made alone.

 Catch Episode 3 now on [Spotify](#) and [Apple Podcasts](#), and follow the series for more expert insights on risk and reward.

For more information on the RiskWi\$e project, visit www.hartfieldsite.org.au

This podcast has been produced by the Central SA Action Research Group arm of RiskWi\$e, a 5-year national GRDC project, led by CSIRO.
