RiskWi\$e – a GRDC project

As part of the national [RiskWi\\$e](#) project, the SA Central ARG (Action Research Group) have produced a 5-part podcast series to help Aussie grain growers get it more right, more often when it comes to navigating on-farm risk and reward and making decisions.

We encourage you to share this content with your networks using the information below.

 NEW PODCAST SERIES TO HELP FARMERS GET IT MORE RIGHT, MORE OFTEN

Farming is full of big decisions - some risky, some rewarding (some are both!) - and we're here to help you make them with more confidence.

A new 5-part podcast, **Navigating on-farm risk & reward: getting it more right, more often**, is packed with tips, tricks, and real-world advice from experts in farming, farm consulting, climate science, applied research and risk management.

Barry Mudge, Dr Kate Burke, Danielle Lannin England, Peter Hayman, and Rebekah Allen are among the featured guests who share personal approaches to managing farm risk while inspiring growers to challenge their own perspectives and improve outcomes.

The trailer is already live on [Spotify](#) and [Apple](#), and Episode 1 is dropping soon!

Search for 'Navigating On-Farm Risk & Reward: Getting It More Right, More Often'.

This podcast has been produced by the Central SA Action Research Group arm of RiskWi\$e, a 5-year national GRDC project, led by CSIRO.
